### Fellow State Employees and Montanans,

There is a new sense of confidence and optimism around Montana. Montanans are out doing things, improving their communities and helping expand our economy. It's a welcomed contrast to the downturn of the 80's and a turnaround our state employees have had a hand in creating. Keep up the good work and let's continue pursuing our goal to better serve Montanans.

Montana's reputation as a place of natural beauty and adventure is growing. Tourism will set a record for a third year in a row. Everywhere you go in the country you find people interested in hearing or talking about Montana. It's scenes like the cover photo on this state government phone-book which fascinate our visitors and draw more people to Big Sky Country. These scenes also remind each and every one of us why we are so proud to call Montana home.

Good luck in 1992, and God bless.

Sincerely,

STAN STEPHENS  
Governor

### STATE TELEPHONE NETWORK (STN) USAGE

The State's telecommunications facilities are provided for the conduct of state business. In addition to state business, the state's telecommunications facilities may be used by state employees and officials for local and long distance calls to latch-key children, teachers, doctors, day-care centers, baby sitters, family members to inform them of unexpected schedule changes, and for other essential personal business. The use of the state's telecommunications facilities for essential personal business must be kept to a minimum, and not interfere with the conduct of state business. Essential personal long distance calls must be either collect, charged to a personal third party number, or charged to a personal credit card.

The state's telecommunications facilities include any state owned, leased, contracted for, operated or maintained telecommunications equipment, services or facilities including: private branch exchanges; telephone key systems; teleconferencing systems; local and long distance telecommunications circuits; data communications equipment; video capabilities; land mobile radio equipment; telephone credit cards; facsimile equipment; or voice mail.

All in-state and out-of-state calls made on the State Telecommunications Network (STN) are billed to the originating state telephone number.

---

### TROUBLE REPORTS

Report service or equipment trouble conditions to 444-4455, or 444-2973.

---

### STATION ADD/MOVE/CHANGE REQUESTS

Telephone Service Request (TSR) forms are required for installation, modification, removal or other changes to your service. Forms may be obtained from your agency telephone coordinator. TSRs should be submitted to the Telecom/Network Services Bureau at least 15 days prior to date of change. This will allow both technical and financial options to be reviewed and ensure accurate processing of the service request. Forms are available from Property and Supply, 930 Lyndale, Helena, MT, 59620.

WilTel technicians are the only authorized personnel having permission to unplug, plug in, move and take apart telephone equipment, modular cords and jacks. Conduit or raceway is required for all new telephone jacks.

---

### CONFERENCE CALLS

There are five ways in which conference calls can be made:

- 1). Single line phones - can be used to set up a three-party conference call: call the 1st party and when they are on the line, flash the hookswitch; after the 3 beeps and dial tone, dial the 2nd party; announce the conference; flash the hookswitch to connect both to you.

## GENERAL INFORMATION

---

- 2). Electronic phones (multi-line) - can be used to set up a six-party conference; however the conference is limited to three off-capitol complex conferees: call the 1st party and when they are on the line, press the Conf 6 button, after the 3 quick beeps and dial tone, dial the 2nd party; announce the conference; press the Conf 6 key again to connect all three of you; repeat for the additional calls.
- 3). Purchase a speaker phone attachment for your Electronic (SL-1) Telephone. This speaker allows people in your office to hear the conversation. You can make one call or conference in up to 5 additional calls on the phone. Your Telephone Coordinator will assist with this.
- 4). For larger rooms and more people participating, borrow the Conference 2000 from the Telecom/Network Services Bureau (call 2973) to be used in your office or a conference room on the capitol complex, (you must use a single line jack). The instructions for use are included with the equipment. This system works well when a group of people in a room want to talk to one person off campus such as a job interview. A large speaker sits in the center of the table so that all people can participate in the conversation.
- 5). Confer Tech Teleconferencing Bridge (24 line) which is located in Mitchell building. The bridge can be operated in three ways:
  - a) Manual Meet-Me - all participants call in at a pre-designated time and are connected to the conference under the control of the operator;
  - b) Automatic Meet-Me - incoming calls are answered and conferenced automatically;
  - c) Operator Dial-out - operator dials all conferees calling the moderator last.

Conference calls using the bridge should be scheduled at least 1 day in advance by calling the Capitol Operator at 444-2511.

**USAGE,** Toll charges based upon the State's current network rate will be charged for all conference connections. Actual cost will vary based on time and distance, and the number of conference connections.

**SET UP CHARGE,** Based on the number of conference participants per conference. The following set up charges will apply:

<u>Number of Participants</u>	<u>Set up Charge</u>
1 to 5	\$10.00
6 to 10	\$20.00
11 to 15	\$30.00
15 to 20	\$40.00
20 to 24	\$50.00

For further information call 444-2511.

If when making a call you receive 10 beeps, the Class of Service on the line will not allow that type of call. See your Telephone Coordinator.

---

## LONG DISTANCE COSTS

All long distance invoicing is prepared by the State Telecom/Network Services Bureau in Helena and then distributed and billed to various agencies on a monthly basis.

The State Telecom/Network Services Bureau uses the US West Communications and AT&T Tariff Rates and then reduces the billing by approximately 24% for users of the State Telephone system.

---

## TELEPHONE CALLING CARDS (Business Only)

Credit cards are distributed by the Telecom/Network Services Bureau. Contact the Telecom/Network Services Bureau at 2586 with your questions. Requests for Credit Cards should be submitted through your Agency Telephone Coordinator to the Telecom/Network Services Bureau. Invoicing is included on the State Telecommunications Long Distance Telephone bill.

**TO USE THE NEW AT&T SOFTWARE DEFINED NETWORK CREDIT CARD:** (Gold State of Montana logo in the upper right-hand corner)

### INSTATE:

Dial 800+348-2443, receive dial tone, dial 406 plus the 7 digit number you are calling, then enter credit card number when prompted by the tone.

## GENERAL INFORMATION

---

### INTERSTATE:

Dial 0 + the number you are calling (including area code), then enter credit card number and PIN number when prompted by the tone.

### INTERNATIONAL:

Dial 01 + country code + city code + local number, then enter credit card number and PIN number when prompted by the tone. Please remember that not all international calls can be directly dialed, so you must call the AT&T operator. Your new credit card will also work from a foreign country to the USA.

**To make more than one call, do not hang up after the first call; press the # button instead and enter the next number you wish to call; there is no need to re-enter your card number.**

### **TO USE AN OLD AT&T OR US WEST CREDIT CARD:**

When dialing from a Capitol Complex phone, dial 9 + 0 + area code + 7 digit number; when you hear a tone, enter the full credit card number (Area Code not required for instate calls).

When dialing from a Pay Phone dial 0 + area code + 7 digit number; wait for a tone, enter the full credit card number. Please check credit card for special dialing instructions.

**To make more than one call, do not hang up after the first call; press the # button instead and enter the next number you wish to call; there is no need to re-enter your card number.**

---

## TELEPHONE DIRECTORY CORRECTIONS

**Telephone System Information and Departmental Listings** - call or write to the Telecom/Network Services Bureau - Help Desk Ext. 2973.

**Individual Listings and Staffing by Department** - Request your Telephone Coordinator to submit the Personnel Directory Form to the Telecom/Network Services Bureau. The corrections will be entered in the Telephone Operator's computerized directory immediately and be used to update the printed directory.

### **ACCOUNT CODES**

Account codes allow you to identify certain calls made during a month when you have more than one subsidiary ledger number (RC#) for which you make calls. The calls made for each account code will be identified on your monthly bill. To use this service, have your Agency Telephone Coordinator contact the Telecom/Network Services Bureau.
